Due to our large number of claims for water damages in our community, our master policy has a \$25,000 deductible for covered water-related claims and a \$10,000 deductible for all other covered claims. The roof status is ACV (or Actual Cash Value). It is very important for homeowners to maintain/replace relevant appliances as needed. Gutters will be cleaned as the budget allows.

E. **Financial:** Legal services (\$1,018.75). Legal services (\$1,163.06). Legal services (\$75). *As noted in the Minutes from the March 30, 2022, meeting, the Board had a lengthy discussion regarding Chalcombe Court's current financial status. The Board continues to explore cost-saving measures for our regular expenses and other costs, and CMG continues to inform us of all bills prior to payment in order for the Board to make decisions regarding payment by installment during months that include multiple/unusual expenses. Past-due statements are sent to homeowners in delinquency; as necessary, delinquencies may be turned over to attorneys.

GENERAL INFORMATION AND REMINDERS

VEHICLES: Keep parking decals and visitor hangtags visible. Visitors should park away from the building facing the woods. Keep vehicles locked at all times and all belongings out of sight. Since we do not have lined parking spaces, please be considerate and park reasonably close to the next vehicle.

Overnight parking of trailers, PODS, trucks, boats, and other recreational equipment is strictly forbidden or for one or more days unless prior approval is granted by the Board. If approval is granted, a specific parking area will be designated. Contact CMG to request approval two weeks in advance of bringing any of the above on our property.

POOL: The pool will be open from May 1 through September 30.

QUIET HOURS: The hours between 11:00 p.m. and 7:00 a.m. are designated as "quiet hours." Residents should refrain from operating appliances such as dishwashers, washing machines, clothes dryers, or any other noisy machines and should not play loud music or have loud outside conversations and gatherings during this time. In short, be considerate of your neighbors.

CARBON MONOXIDE ALARMS: Carbon monoxide detectors/alarms are required for all condominiums in Mecklenburg County. Homeowners are responsible for purchasing, installing, and maintaining the alarms in working order.

FIRE EXTINGUISHERS: Keep a fire extinguisher that is easily accessible in your condo.

POWER OUTAGES: In the case of a power outage, call Duke Energy (800-769-3766) to report the outage and to get an estimated time of repair.

FEEDING THE DEER: As advised by Animal Control, PLEASE DO NOT FEED THE DEER. Feeding wild animals draws scavengers, including rodents and roaches.

GRILLS: Only electric grills are allowed on patios and decks. If you see a resident using a gas or charcoal grill on a patio or deck, please call the Fire Prevention Bureau at 704-336-2101. Other grills must be placed at least 10 feet from the buildings and any pine straw. Grills must be attended at all times. After grilling with charcoal, spray water on the grill and remove the grill from the area where it was used. Combustible materials may not be stored on patios/decks or in storage rooms.

DOGS: Dogs at Chalcombe Court may weigh no more than 25 pounds. Dogs must be walked only around the outside perimeter of the property. Dog owners are responsible for keeping dogs quiet and for cleaning up dog waste. A Charlotte-Mecklenburg ordinance requires dog owners to clean up waste on both private and public property, regardless of the size of your pet. Violators should be reported to CMPD 311 or 911 along with a photograph.

COMPACTOR: Turn the key to the left of the chute when the compactor looks full. If the key will not turn, gently pull the button below the key to reset; then try the key again. NO FURNITURE, WOOD, OR METAL ITEMS SHOULD BE THROWN IN THE COMPACTOR; instead, request a bulky item pick-up (see below).

BULKY ITEMS: *Do not leave large appliances and/or furniture at the compactor.* This is unsightly for residents and guests and may interfere with compactor pick-up. For large items, such as furniture, appliances, or other large items that are still usable, please consider donating them to the Habitat Re-Store (704-392-4495) or the Salvation Army (800-SA-TRUCK). Both organizations will pick up. You may also schedule a bulky item collection by calling 311 (or 704-336-7600). Provide your name, address, property name, and a list of items to be collected. When your collection has been confirmed, you will be given a pick-up date. No sooner than the night before, place the items on the grassy area to the right of the compactor gates in a way that does not obstruct garbage collection.

If you have any renovations done to your unit, your contractor should be responsible for proper disposal of construction debris. Construction debris and dangerous or hazardous materials will NOT be collected.

WATER MANIFOLD SYSTEM: All units have a metal box located in the wall inside one of the bedroom closets containing a manifold system of valves for individual cut-offs within the unit. Below the door is a protruding arm with a cut-off valve that will turn off ALL water in the unit. On top of the arm is a bulb-shaped device called the PRV (pressure release valve). If you encounter water pressure problems, direct your plumber to the manifold. The plumber might try releasing the PRV and then reattaching, which will allow debris to flush down the water line.

WATER HEATERS: When you replace your water heater, remind your plumber to NOT cut new vent holes in the building, to use flexible venting pipes for connection, and to use the existing hole for venting to the exterior of the building.

SMOKING: We prefer a non-smoking environment to protect everyone from a fire hazard. However, if you smoke, clean up your smoking debris and ask guests and contractors to comply.

OUTSIDE FIRE ALARMS: If you hear our fire alarm horns go off, please call 911 immediately and ask for the fire department. All fire alarm boxes are located between units K and I on the outside of buildings 5003, 5007, and 5011. Only the fire department can reset the alarms.

COURTESY REMINDER: Please be mindful that cleaning grills and other items or watering plants on your patio or deck may result in debris or water leaking onto a patio beneath yours.

MAILBOXES: If your mailbox is broken or your mailbox key is lost, contact the Starmount branch of the Post Office. This is a homeowner responsibility. If mail is delivered to your mailbox in error, please either take the mail to the addressee or place it in the glass box at the kiosk. Any complaints about mail delivery should be directed to the U.S. Postal Service Center at Minuet Drive; the phone number is 704-522-3842.

FIREPLACES:

- Do NOT use treated wood or any type of log other than seasoned wood in your fireplace.
- Do NOT use commercial logs like Duraflame, etc. or paper logs.
- Do NOT use coal in your fireplace.
- Avoid a build-up of creosote and sooty matter in the chimney.
- Stay in the room when you have a fire burning.
- Do NOT have a roaring fire – our fireplaces are apartment size.
- DO have a chimney sweep inspect your fireplace and chimney flue once a year.

OUTDOOR HOLIDAY DECORATIONS: No LIGHTED decorations are allowed on front entrances, decks, patios, or porches.
